GOVERNOR AND WIFE  
FETED AT BRIGHAM

BRIGHAM, April 13.—The ladies' night social was held last night at the Box Elder Commercial club and proved a decided success. More than 200 persons attended.

Governor and Mrs. Charles R. Mabey were guests of honor. The feature of the program was an address by the state's chief executive on government, its cost and how to retrench in all public affairs. Two ways were suggested as a remedy of the present situation. Cut expense upon every hand and the development of the state resources to bring more people into the state. The governor pointed out that the valuations of the state have decreased about \$100,000 in the last two years, which means less receipts from taxation so that the machinery of government is more or less hampered. He pointed out that while each family of Box Elder county pays in taxes \$115.53 on an average, each family receives back in education about \$115.64, and he mentioned the fact that the people have been making greater demands upon the government constantly, so that they themselves are responsible for the burdens that now rest upon them.

The address of Governor Mabey was supplemented by talks from Mrs. A. L. Stout, president of the Civic Improvement club; Mrs. L. Roy, Young president of the Kindergarten club; Mrs. Sterling D. Madsen, president of the Social Development club, and President P. Russell Wright of the Commercial club. A musical program was rendered by the Echo male chorus and Mrs. Connie M. Peters and Victor E. Madsen sang two duets. A vaudeville turn was given by Messrs. Bernard Nichols and J. Wesley Kersley.

EXPLOITER OF ZION  
PARK PASSES AWAY

For ten years he was industrial agent of the Los Angeles & Salt Lake railroad, during which time he exploited Zion park and the products of the state. Among his successful ventures was the advertising of Utah agricultural products throughout the United States by taking a carload of exhibits of the principal cities of the country.

He is survived by his widow, who was formerly Miss Marion Anthony Byrne of San Francisco, whom he married in Salt Lake September 3, 1919.

Users of Cache Forest  
Fighting Transfer By  
State Board

MALAD, Idaho, April 13.—A determined fight is being made by the users of land in the Cache forest reserve to prevent the state land board from selecting lands in the reserve for exchange for state lands in other reserves.

The proposed exchange, it is declared, would place the state lands in compact bodies and would eliminate from the reserves state ownership of two sections in each township in the reserve.

Malad valley users of the Cache reserve have prepared petitions which will be circulated among the users of district No. 12 of the Cache forest reserve, which includes stock owners in Malad valley, Marsh valley and Cache valley. There are about 400 ranchers who graze stock on this portion of the reserve. The territory in controversy comprises some of the best grazing land in the state.

An appeal has been made by the stockmen to the governor, and that official suggests that a thorough examination be made by an unbiased committee which would take into consideration the best interests of Idaho and its citizens.
